

Biomedical
TRANSLATION BRIDGE
PROGRAM

Powered by

MTPConnect
MedTech and Pharma Growth Centre

In partnership with

UNIQUEST

INFORMATION SESSION

The Biomedical Translation Bridge Program is an initiative of the Medical Research Future Fund, providing up to \$1 million in matching funding to nurture the translation of new therapies, technologies and medical devices through to the proof of concept stage.

The BTB program is operated by MTPConnect in partnership with BioCurate, UniQuest, the Medical Device Partnering Program and the Bridge and BridgeTech programs.

PANEL SESSION | Q&A | NETWORKING

Please **join us** to find out if the BTB Program could support your life sciences innovation.

HOBART

17 May

10:00am-11:30am

at the University of Tasmania
